SECURITIES AND EXCHANGE COMMISSION  
(Release No. 34-75513; File No. SR-C2-2015-018)

July 23, 2015

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Amend Exchange Rules Related to Obvious Errors

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),<sup>1</sup> and Rule 19b-4 thereunder,<sup>2</sup> notice is hereby given that on July 15, 2015, C2 Options Exchange, Incorporated (the “Exchange” or “C2”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange seeks to amend its rules related to obvious errors. The text of the proposed rule change is provided below.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange is seeking to amend its rules related to obvious errors. Specifically, the Exchange is seeking to add Interpretation and Policy .06 to provide the Exchange the ability to nullify or adjust transactions arising out of a verifiable disruption or malfunction of Exchange systems.

Similar to Chicago Board Options Exchange, Inc. (“CBOE”) Rule 6.25.05, the proposed rule would allow an Exchange Official to nullify or adjust a transaction that arises out of a verifiable disruption or malfunction in the use or operation of any Exchange automated

quotation, dissemination, execution, or communication system.<sup>3</sup> For example, if a malfunctioning exchange system caused orders to be generated and executed without instructions from a Trading Permit Holder, the proposed rule would allow the Exchange to nullify the transactions. Transactions that qualify for price adjustment will be adjusted to Theoretical Price, as defined in paragraph (b) of Rule 6.15.

The Exchange believes that it is appropriate to provide the flexibility and authority provided for in the proposed rule so as not to limit the Exchange's ability to plan for and respond to unforeseen systems problems or malfunctions. The proposed rule change would provide the Exchange with the same authority that other Exchanges have to nullify or adjust trades in the event of a “verifiable disruption or malfunction” in the use or operation of its systems.<sup>4</sup> For this reason, the Exchange believes that, in the interest of maintaining a fair and orderly market and for the protection of investors, authority to nullify or adjust trades in these circumstances, consistent with the authority on other exchanges, is warranted.

## 2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.<sup>5</sup> Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>6</sup> requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and

coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)<sup>7</sup> requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes that the proposed rule change would remove impediments to and perfect the mechanism of a free and open market and national market system and promote a fair and orderly market because it would provide authority for the Exchange to nullify or adjust trades that may have resulted from a verifiable systems disruption or malfunction. The Exchange believes that it is appropriate to provide the flexibility and authority provided for in the proposed rule so as not to limit the Exchange's ability to plan for and respond to unforeseen systems problems or malfunctions that may result in harm to the public. Allowing for the nullification or modification of transactions that result from verifiable disruptions and/or malfunctions of Exchanges systems will offer market participants on C2 a level of relief presently not available. The Exchange notes that the proposed rule change is based on CBOE rules and is substantially similar to rules of Phlx, and Arca.

B. Self-Regulatory Organization's Statement on Burden on Competition

C2 does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. Rather, the Exchange believes that the proposed rule change is pro-competitive because it will align the Exchange's rules with the rules of other markets, including CBOE, Arca, and Phlx. By adopting

the proposed rule, the Exchange will be in a position to treat transactions that are a result of a verifiable systems issue or malfunction in a manner similar to other exchanges.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received from Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not:

- A. significantly affect the protection of investors or the public interest;
- B. impose any significant burden on competition; and
- C. become operative for 30 days from the date on which it was filed, or such shorter

time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act<sup>8</sup> and Rule 19b-4(f)(6)<sup>9</sup> thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission will institute proceedings to determine whether the proposed rule change should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments
